

Health Life and Science (HLS)

Incoming Erasmus Catalogue of Modules 2016-2017

Please note that we will only be able to consider official nominations which are submitted directly to our Centre for Global Engagement (CGE) via your home University Coordinator. All nominations must be submitted via:

<https://www.eventsforce.net/cu/3485/register>

Should you or your Coordinator have any questions please contact CGE directly on:

Telephone: 02477 65 9891

Babita Parshad –Academic Mobility Administrator (Erasmus and Study Abroad)

cex947@coventry.ac.uk

Please note that the deadline for official nominations to CGE for 2016/17 is as follows:

Full Year of study or semester 1 only - 15 May 2017

Spring/summer only: 15 November 2016

Please note that each module worth 20 CATS = 10 ECTS

School of Life Sciences

Bimolecular Sciences		CATS credits (UK)	ECTS credits	Semester
203BMS	Biomedical Biochemistry Pre Requisite: Level 1 in Biochemistry	20	10	2
206BMS	Infection and Immunity Pre Requisite: Level 1 Microbiology & cell biology	20	10	2
207BMS	Analytical Sciences in Industry Pre Requisite: Level 1 study of chemistry	20	10	1
208BMS	Principles of Analytical Techniques Pre Requisite: Level 1 study of chemistry	20	10	2
211BMS	Principles of Forensic Science Pre Requisite: Level 1 study of forensics – science background not Forensic	20	10	2
212BMS	Systemic Physiology Pre Requisite: Level 1 Physiology	20	10	2
213BMS	Medical Pharmacology Pre Requisite: Level 1 Pharmacology	20	10	1
215BMS	Cell Biology and Haematology Pre Requisite: Level 1 Cell biology	20	10	1
216BMS	Molecular Genetics Pre Requisite: Level 1 Molecular Biology	20	10	1

220BMS	Food Safety and Regulation Pre Requisite: Level 1 study of a similar course	20	10	1
222BMS	Contemporary Skills in Biomolecular Sciences 1 Pre Requisite: Level 1 study	20	10	1
223BMS	Contemporary Skills in Biomolecular Sciences 2 Pre Requisite: Level 1 study	20	10	2
224BMS	Examination of Food Properties Pre Requisite: Level 1 study of a similar course	20	10	2
225BMS	Cell Biology Pre Requisite: Level 1 Cell biology	20	10	1
226BMS	Biomolecular Analysis Pre Requisite: Level 1 Molecular Biology	20	10	1

Sport and Exercise Science		CATS credits (UK)	ECTS credits	Semester	Mode Type
257SPO	Physiology of Training	20	10	1	M
233SPO	Applied Biomechanics	20	10	2	M
242SPO	Skill Acquisition and Group Dynamics in sport and Exercise Science	20	10	1	M
209SPO	Data collection and Analysis in Sport and Exercise	10	5	1	M
208SPO	Professional and Personal Development in Sport and Exercise	20	10	2	M
275SPO	Coaching and Sport Performance	20	10	2	O
215SPO	Nutrition for Sport and Exercise	20	10	2	O
A***	Add+vantage module	10	5	1 or 2	M

- Semester 1 October-Jan; Semester 2 Jan-May
- M= Mandatory for our own Level 2 student
- O= Option module for our own level 2 students (cannot be taken together as run in the same timetable slot).

To study any of these level 2 modules applicants need to show pre-requisite study equivalent to the level 1 module on our course i.e. Exercise/Human Physiology, metabolism/exercise biochemistry, nutrition, anatomy and introductory biomechanics, sport and exercise physiology, basic statistics/data analysis and research design, principles of training and exercise prescription.

Applicants for Biological/Biomedical Science will be offered modules based upon their current programme of study.

School of Life Sciences and School of Health

Physiotherapy	CATS credits (UK)	Session 1 Oct-Feb Session 2 Feb-Jun
----------------------	--------------------------	--

168PH	Anatomy & Pathophysiology 1	30	Session 1
169PH	Introduction to Physiotherapy Assessment	10	Session 1
170PH	Anatomy & Pathophysiology 2	20	Session 2
171PH	Physiotherapy Assessment & Rehabilitation	30	Session 2
226PH	Applying Clinical Reasoning in Practice	40	Session 1

School of Health

Occupational Therapy		ECTS credits	Semester
326OT	Professional Practice Placement 3	20	1
327OT	Employability and Entrepreneurship	10	2
328OT	Advancing practice: Neurology	10	1
329OT	Advancing practice: Learning Disability	10	1
373OT	Advancing practice: Hand therapy & Orthotics	10	1
374OT	Advancing practice: Occupational Therapy in Secure Settings	10	1
378OT	Advancing practice: Design for Living	10	1
379OT	Advancing practice: Older people	10	1
380OT	Advancing practice: Children, Young People & Families	10	1
381OT	Advancing Practice: Mental Health	10	1
A***	Add+vantage module	10	1 or 2

Childhood & Youth Studies		CATS credits (UK)	Semester
Level 1			
102CYS	Formal & Informal Education	20	2
103CYS	Promoting Life Skills	20	2
104CYS	Introduction to Safeguarding Children & Young People	20	2
105YW	Working with Groups	20	1
110YW	Academic & Reflective Skills for Professionals	10	1
101CYS	Childhood & Youth in Context	20	1
Level 2			
236SW	Social Research Methods	20	2
203CYS	Work Experience 1	30	1
206YW	Sociological Perspectives on Childhood & Youth	20	1
205YW	Supporting the Health Needs of Adolescents & Children	20	2
	Or		
205CYS	Special and inclusive education	20	2
204CYS	Psychological Perspectives on Childhood & Youth	20	2
Level 3			
337SW	Independent Research Project	40	2
303CYS	Work Experience 2	30	1
302CYS	Critical Perspectives on Organisational Change	20	1
301CYS	Contemporary Theory, Policy & Practice	20	2

Community Development & Social Care	ECTS credits	Semester
--	-------------------------	-----------------

Nursing		CATS credits (UK)	Semester
Level 1			
101CC	Foundations of Communication and Professionalism	20	1
101NHS	Introduction to Nursing and its Fields of Practice	10	1
103NHS	The Scientific Foundations of Nursing	20	1
Level 2			
216MHN	Assessment and Care Pathways Across the Lifespan (Mental Health)	20	1
217MHN	Therapeutic Approaches in Mental Health Care	20	1
204CN	Assessment and Care Pathways Across the Lifespan (Children and Young Peoples Nursing)	20	1
205CN	Therapeutic Approaches in Children and Young Peoples Nursing	20	1
205AD	Assessment and Care Pathways Across the Lifespan (Adult Nursing)	20	1
204AD	Therapeutic Approaches in Adult Nursing	20	1
217LD	Assessment and Care Pathways Across the Lifespan (Learning Disability Nursing)	20	1
218LD	Therapeutic Approaches in Learning Disability Nursing	20	1
Level 3			
325MHN	Specialist Care in Mental Health Nursing	10	1
326MHN	Development and Co-ordination of Complex Care(Mental Health)	20	1
301AD	Contemporary issues in Adult Nursing	10	1
326AD	Development and Co-ordination of Complex Care(Adult Nursing)	20	1
307LD	Specialist Care in Learning Disability Nursing	10	1
308LD	Development and Co-ordination of Complex Care(Learning Disability Nursing)	20	1
302CN	Specialist Care in Children and Young Peoples Nursing	10	1
310CN	Development and Co-ordination of Complex Care(Children and Young Peoples Nursing)	20	1
301CC	Enhancing Practice through Evaluation and Research	20	1

NB: Only semester one modules eligible, no practice modules available.

Level 2	Community Development		
220ACSS	Comparative Community Practice (requires 140 hours of works experience practice)	10	1
222ACSS	Values & Practice Principles	5	1
223ACSS	Community Development	10	1
201ACSS	Psychology: Self and Others	10	2
	Applied Social Sciences		
224ACSS	Community Research	10	2
203ACSS	Independent Living and Housing	10	2
233SW	Applied Psychology : Human Development	10	2
235SW	Sociological Theory in Practice	20	2
	International Community Development		
320ACSS	Community & Social Research Project	15	2
324ACSS	Advanced Community Practice (requires 140 hours of works experience practice)	10	2
327ACSS	Globalisation & Community Action	5	2

School of Psychological, Social and Behavioural Sciences

Psychological, Social and Behavioural Sciences		CATS credits (UK)	ECTS credits	Semester
	Level One			
100CRM	Criminological Perspectives	20	10	2
101CRM	Introducing Criminology	20	10	1
102CRM	Controlling Crime	20	10	2
110CRM	Victims and Victimology	20	10	2
111CRM	Representations of Crime	20	10	1
112CRM	Academic and Professional Skills	10	5	1
104FIS	Investigative Interviewing	20	10	2
105FIS	Policing Studies	20	10	1
117PY	Discovering Psychology	20	10	2
120PY	Psychology in Context	20	10	2
	Level Two			
200CRM	Criminological Imagination	20	10	2
204CRM	Community Safety and the Environment	20	10	1
205CRM	Careers for Criminologists	10	5	1
207CRM	Prisons and Punishment	20	10	1
208CRM	Policing and Society	20	10	2
209CRM	Crime, Media and Culture	20	10	2
203FIS	Evaluating Evidence	20	10	2
205FIS	Fraud Investigation	20	10	2
249PY	Individuals in Society	20	10	2
250PY	Sciences of the Mind	20	10	1
253PY	Solving Psychological Problems	20	10	1
	Level Three			
304CRM	Forensic Mental Health	20	10	1
306CRM	Crime & Social Diversity	20	10	2

309CRM	Current Issues in Criminology	20	10	1
311CRM	Explaining Violence	20	10	2
301FIS	Contemporary Issues (in FIS)	20	10	1
302FIS	Forensic Casebook	20	10	2
362PY	Forensic Psychology	20	10	1
363PY	Clinical & Counselling Psychology	20	10	2
364PY	Occupational Psychology	20	10	2
366PY	Educational & Child Psychology	20	10	1
367PY	Brain and Behaviour	20	10	1
368PY	Advanced Social Psychology	20	10	1
379PY	Positive Psychology	20	10	2
A***	Add+vantage module	10	5	1 or 2
