

Dear Partner,

We are happy to inform you about the exchange possibilities which Hochschule Ulm is offering your students and professors. Exchange students may choose either courses from our English taught International Engineering Program (IEP) or take regular German taught courses from any faculty.

Below please find a detailed description of the programs and information on the application procedure. We are very much looking forward to welcoming your students in Ulm. Please do not hesitate to let us know in case you have any further questions.

Yours sincerely
Stephanie Wagner
Director International Office

1. PROGRAMS FOR EXCHANGE STUDENTS

Hochschule Ulm is offering two different sorts of programs

1.1 Programs for students who speak German

Students who are able to speak and understand German may attend each regular class offered at Hochschule Ulm.

Undergraduate Programs are offered in the following disciplines:

- Automotive Electronics
- Industrial Electronics
- Communications Engineering
- Digital Media
- Computer Engineering
- Documentation and Computer Science in Medicine
- Business Information Systems
- Information Management in Health Care
- Medical Engineering
- Mechatronics
- Mechanical Engineering
- Automotive Engineering
- Production Engineering and Organization
- Energy Systems
- Industrial Engineering
- Industrial Engineering/Logistics

Postgraduate Programs (Master's degree) are offered in the following disciplines:

- Information Systems
(can be offered in English if international students are participating)
- Systems Engineering and Management
(focussing on Mechanical Engineering, Electrical Engineering or Industrial Engineering)
- Medical Engineering
- Sustainable Energy Competence

Academic Calendar

	Winter Semester	Summer Semester
Arrival	If possible beginning of September	Beginning of March
Registration	First two weeks in September	Beginning of March
Beginning of courses	Beginning of October	Middle of March
Holidays	2 weeks in Dec/Jan (Christmas)	2 weeks in May/June (Pentecost)
End of courses	End of January	Middle of July
Exams	Beginning of February	Last 2 weeks of July

1.2 Programs for students who do not speak German (International Engineering Program - IEP)

Hochschule Ulm is offering **English taught programs** in three different faculties. The International Engineering Programs (IEP) are outside of the traditional academic calendar:

Mechanical Engineering (IMEP)	October - December
Electrical Engineering (IEEP)	April - June
Computer Engineering (ICEP)	April - June

IEP Calendar

Winter Semester – IMEP course	
Arrival	Beginning of September
Registration and orientation days	Beginning of September
Intensive German Language Course (optional for absolute beginners and students with basic German knowledge)	Last 2 weeks of September
Arrival for students who are not able to arrive in September:	First working day in October
Registration	Second working day in October
IMEP Course dates	4th October – 23rd December
Exams	last 2 weeks before Christmas
Departure	t.b.a. (see web-page)

Summer Semester – IEEP and ICEP course	
Arrival Registration and orientation days Intensive German Language Course (optional for absolute beginners and students with basic German knowledge)	Beginning of March Beginning of March First 2 weeks of March
Arrival for students who are not able to arrive in March: Registration	First working day in April Second working day in April
ICEP and IEEP Course dates Pentecost holidays Exams Departure	3rd April – 30th June 2 weeks in May/June Last week of June 30th June
Additional project work – 4 weeks (optional) Students are welcome to stay at Hochschule Ulm for an additional month to work on a project in one of the universities laboratories	July 1st -31st

2. APPLICATION

Deadlines for applications are:

15th May for the following Winter Semester (30th April for Master Program)
1st December for the following Summer Semester

Course catalogues:

For German taught classes:

<http://www.hs-ulm.de/Studium/>

(Select a Degree Course)

For English taught classes:

www.hs-ulm.de/Internationales/AAA/InternationaleStudierende/InternationalEngineeringProgramme/

Application forms:

www.hs-ulm.de/Internationales/AAA/FormulareDownloads/

Students should hand in:

- Application form - Incomings (including the required annexes)
- Application form language course
- Housing request form

3. ACCOMMODATION

After handing in the housing request form together with the application, students will be given a room in a dormitory. Requests can be made, however the placing will be done by the Studentenwerk (Student Services) and changes can not be made. Students should only contact the international office of Hochschule Ulm with questions regarding the housing. We will inform students about their accommodation 3-4 weeks before arrival. By then they will have to sign a contract.

4. COSTS

All students have to pay an activity fee of €61,-. Housing costs are €270,-- to €360,-- per month. For living expenses including health insurance, transportation and food, students should calculate a minimum of €650,-- per month.

5. GERMAN LANGUAGE COURSES

As an additional part of the course Hochschule Ulm offers German language classes on different levels and an English taught class in "German History". Also many field trips to different companies in the area are organized. To get to know Germany and German culture the International Office organizes excursions, for example to the Oktoberfest in Munich, to the Christmas Market in Nürnberg or to the Neuschwanstein Castle.

The intensive German language pre-semester course is optional. However, all students will have to attend the German language course which runs throughout the semester once a week.

All students should fill in the Application form language course which can be downloaded from www.hs-ulm.de/Internationales/AAA/FormulareDownloads/

6. SERVICE

The International Office is organizing orientation days for international students which they should attend. Activities are registration at Hochschule Ulm and at the city of Ulm, opening bank accounts, campus and city tours, tips on living in Ulm, excursions and others.

7. EXCHANGE PROFESSORS

We would be happy to welcome professors from your university for a short term teaching exchange. Professors should send us information about the subjects they are teaching and a proposed time frame for their visit.

8. CONTACTS

Institutional Details

Name of institution	Hochschule Ulm - Technik, Informatik & Medien, Ulm University of Applied Sciences
Address	Prittwitzstrasse 10 89075 Ulm, Germany
